

POWER HITTING, BUNTING, RH/LH SLAPPING

NEIL BRODY HITTING INSTRUCTOR

HIT WITH EXCELLENCE AND CONFIDENCE

Playing and coaching the game of Fast Pitch softball for the past 35 years I've learned to master the art of hitting and teaching my knowledge of sports most difficult task, **HITTING**. As the hitting coach, my advice and instructions to the players is to **play the game with confidence and be great, never settle for good**. My goal with each player is turn all bad habits into good habits. In hitting there is no wrong way only the right way to approach each pitch. During my lessons, I enforce the law of confidence and **being positive at all times**. I demonstrate and breakdown the player's swing on how to be successful with the approach with different pitches through out the strike zone. At my lesson, I key-in on the most difficult pitches to hit, the rise ball, inside & outside pitches, change ups, hitting the ball to different fields and the mental strategy for there next at bat during game situations. **To be a great hitter you must think like one, take hundreds of swings and Hit the middle!** Last year, as the hitting coach for Everglades High, I set a goal to myself and the players to win the State Championship. Mission accomplished! The Speedball tournament, throughout the years, gives me the rewarding opportunity to watch all those girls I've coached or have given a lessons to at one time. Good luck to all of you. And seniors, enjoy your last year in High School this is your time. **To the Fence Players!!!**
